Kenny: We need a stable bass player someone who isn't schizo cuz he has to keep the band going.

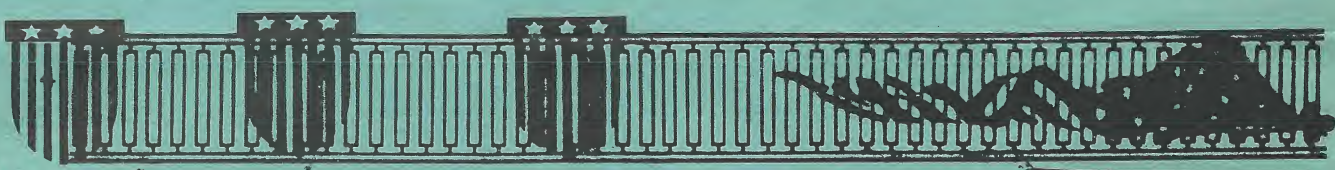

Jeanne: Y'know what I like about you guys, you don't care if we're so punk" at all. It's always fun. The Re Kids we like too.

Nic: Have the Cars? Their record is...

Jeanne: ...are making fun of the Cars. I called "I don't mind you guys", & they broke out in a hilarious version of the Cars where one guy played synthesizer on his nose!

# THE ALCOVE

DUE TO A HOSTILE TAKEOVER BY THE MANAGEMENT AND OWNERS OF BOOKIES, THE ALCOVE HAS MOVED, TAKING WITH IT ALL THE D.J.'S, INSIDE SECURITY, ~~BARTENDERS~~, DOORPEOPLE, ETC.

BOOKIES MANAGEMENT FELT THEY WERE ENTITLED TO A SIZEABLE AMOUNT OF THE DOOR MONEY IN ADDITION TO THE PROFITS ALREADY REALIZED FROM THE SALE OF LIQUOR.

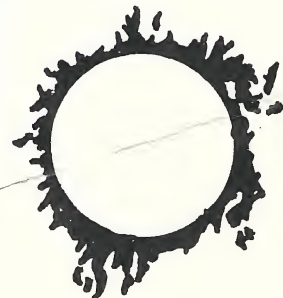

THIS WOULD RESULT IN A SERIOUS FINANCIAL DEFECIT FOR THE ALCOVE; THUS MAKING IT EXTREMELY DIFFICULT TO PAY OUR EMPLOYEES AND REALIZE A PROFIT.

WE REFUSED TO ACCEPT THEIR TERMS AND AS A RESULT WE ARE TEMPORARILY HOMELESS AND NAMELESS, AS BOOKIES SAW FIT TO KEEP THE NAME, OUR NAME, "ALCOVE" FOR THEIR OWN USE.

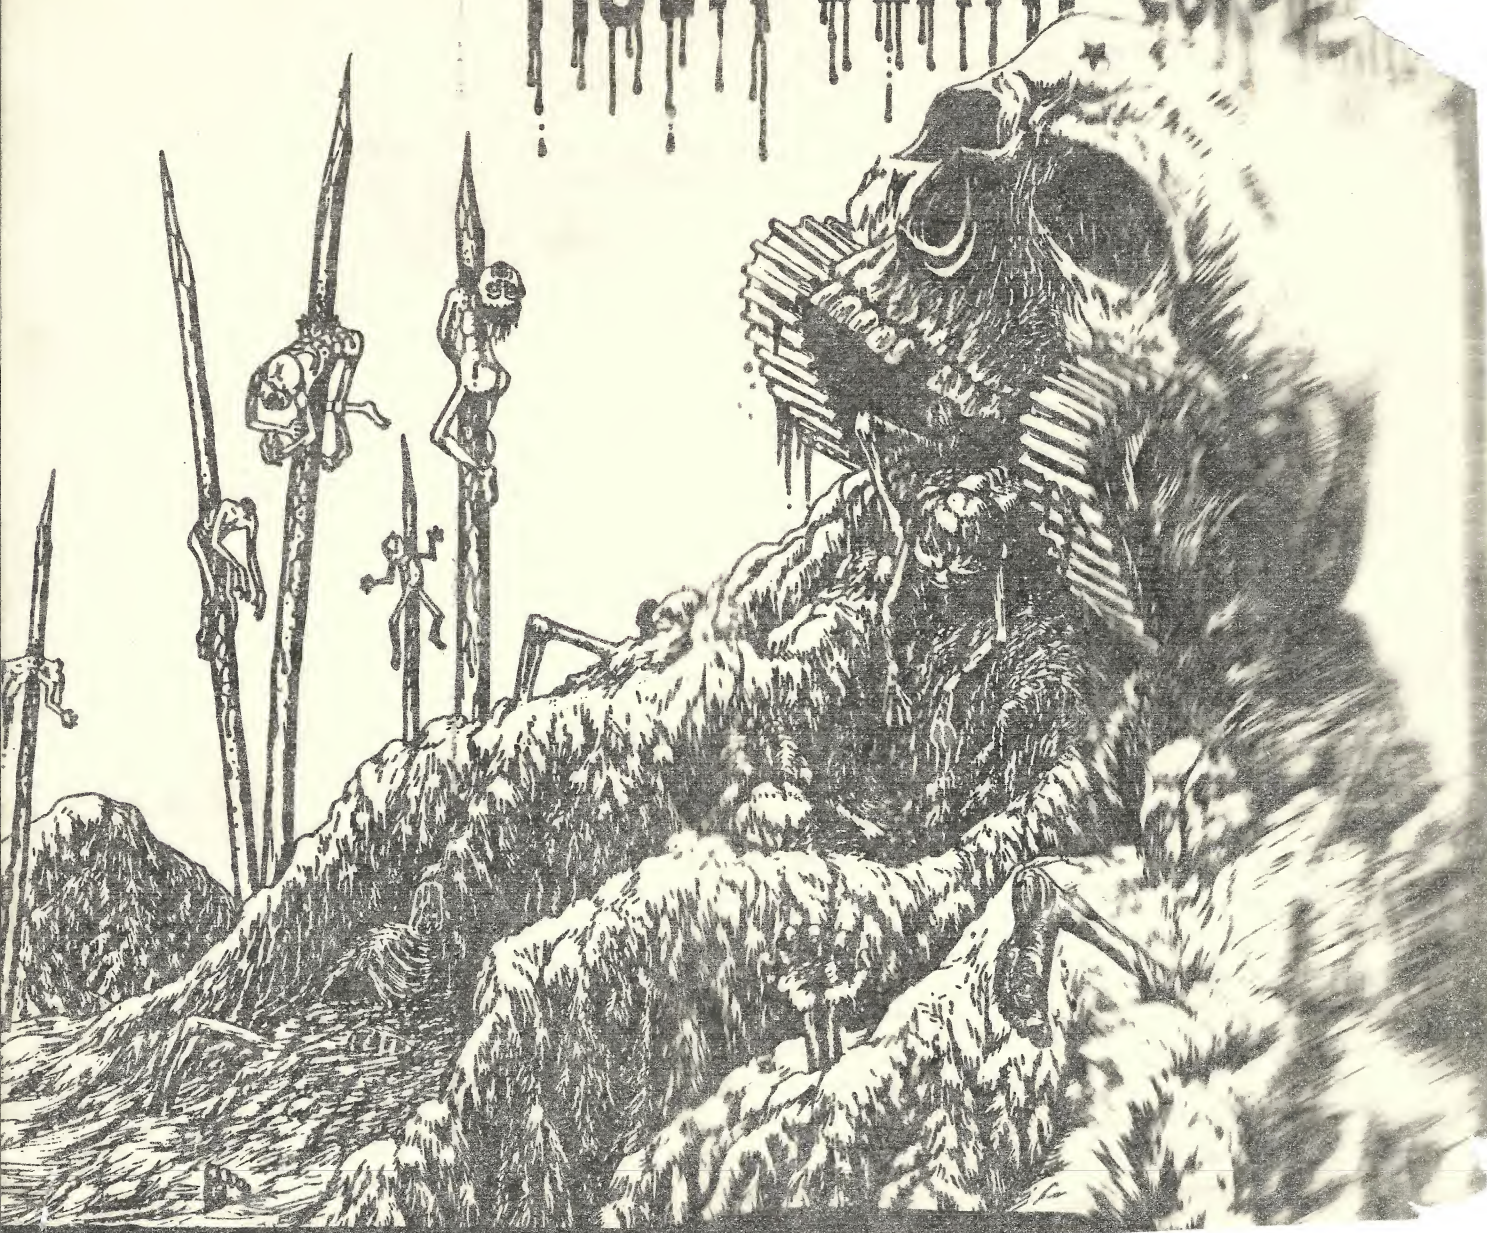

I WOULD PERSONALLY LIKE TO THANK ALL OF OUR LOYAL CUSTOMERS FOR HELPING TO MAKE THE ALCOVE A SUCCESS, WE HOPE THAT YOU WILL CONTINUE TO SUPPORT US WHEN WE FIND OUR NEW LOCATION.

I SINCERELY APOLOGIZE FOR ANY INCONVIENENCE CAUSED TO OUR CLIENTEL. THANKS AGAIN, HOPE TO SEE YOU AT OUR OPENING AT ANOTHER PLACE.

## BURGER KING CARES!

We at Burger King are doing everything we can to make sure you get the cheapest meal you can get. That means we go out of our way to purchase inexpensive food to pass along the savings to YOU.

For instance, we have buyers in Central America buying beef. It may sound expensive to ship beef from Central America, but it's actually quite cheaper.

The reason is that we help cut down the rainforests of the area to make room for grazing. Of course, the rainforests are thousands of years old, contain thousands of living animals and plants, and supply a great portion of the oxygen we breath. We feel however that saving you 5 cents on a delicious Whopper is more important than saving the Earth.

So to celebrate the savings we're bringing to you and to say goodbye to one of the oldest ecosystems on the earth and the people and animals it nourishes, we are offering this special deal:

(tear here)

You get a

Yesterday was just another day  
For you to do it all again

The human race turned into the rat race  
Run around your fucking maze

Crushed ourselves under wheels of fortune  
Torn to bits on the lathe of heaven  
The winds of change becomes a hurricane

Blowing down your house of cards  
Disillusioned by your illusions

Success is just a grandeur delusion  
All that glitters is not gold

The landing glitter was not gold

Reality built for me  
Upon the TV screen

But reality contradicts  
The black and white TV screen

Shutes and ladders going up and down  
A childhood game for the adult world

Innocence gone, replaced by ignorance  
Childhood games for the adult world

Today is just another day  
For you to do it once again

The human race turned into the rat race  
Run around your fucking maze

Following blindly a social herd  
Speaking not a single word

Everyone's talking no one says a thing  
Mouthing their parts to a tragic play

Dying in their living room  
Hopes and dreams washed into the gutter

Swept away by a flood of lies  
Ladders to climb, shutes to slide down

It's just another childhood game  
But playtime's over for us now

Time to put our toys away

YOU ARE INVITED TO BE ON T.V!

RUSS GIBB, A FEW OF HIS STUDENTS, AND MYSELF ARE STARTING A MUSIC SHOW FOR CABLE T.V. IT WILL BE MOSTLY HARDCORE BANDS AND WILL BE A WEEKLY SHOW. EACH SHOW WILL FEATURE ONE BAND AND WILL INCLUDE AN INTERVIEW WITH THE BAND, AND THE BAND WILL PLAY A SET. THAT'S WHERE YOU COME IN. WE NEED ABOUT 30 KIDS TO BE ON THE SHOW AS THE AUDIENCE. IF YOU COME YOU WILL BE EXPECTED TO DO AS YOU ARE ASKED AS AN AUDIENCE. THE AUDIENCE WILL HAVE TO STAY CLOSE TOGETHER AT ALL TIMES SO THAT IT WILL LOOK BIGGER TO THE CAMERAS. ALSO YOU WILL HAVE TO DANCE WHEN WE WANT YOU TO. WE ARE TRYING TO MAKE THIS APPEAR ON TV AS IF IT WAS AN ACTUAL GIG, BUT WHEN WE ARE TAPING IT, IT WON'T FEEL LIKE A GIG TO YOU. WE WILL BE TAPING FOUR SHOWS ON ONE DAY, WITH THE BANDS: NECROS, NEGATIVE APPROACH, MEATMEN AND THE ALLIED. THE DAY WE ARE TAPING THE SHOWS IS SATURDAY SEPT 4 YOU WILL NEED TO BE THERE AT 3:00 P.M. AND IT WILL LAST ABOUT 5 HOURS. THE TAPING WILL BE AT THE GROUP W T.V. STUDIOS, THERE IS A MAP BELOW. PLEASE DON'T BRING YOUR FRIENDS WITH YOU, THIS INVITATION IS FOR YOU ONLY. IF WE WANT YOUR FRIENDS THERE, WE WILL INVITE THEM.

THAKS IN ADVANCE FOR YOUR COOPERATION.

Dead cops (Chorus)  
 Down on the street  
 Giving poor the heat  
 With their clubs and guns  
 Doing it for fun  
 (Chorus)  
 Big Bad and blue  
 Their in the Klan too  
 Brutality is their sport  
 Lets put them to the torch  
 (Chorus)  
 Watcha gonna do  
 When the mafia in blue  
 Come hitting for queers  
 Niggers and you  
 (Chorus)  
 Time for a switch  
 Army of the rich  
 Macho fucking slaves  
 We'll piss on your graves

I dont fucking care  
 Who messes with my head  
 If the fucking dare  
 They will end up dead  
 It happened once before  
 But never again  
 Cause now I'm the one  
 Who has the gun in my hand  
 (Chorus) I learned how to survive - how to survive - how to survive  
 With a gun I'll survive - I'll survive - I'll survive  
 Now out on the street  
 The first bro I meet  
 Try to stick me with a knife  
 So I end his fucking life  
 One already dead  
 And here comes a friend  
 The one thing left to do  
 Is to kill him too

I dont fucking care  
 Who messes my head  
 If they fucking dare  
 They will wind up dead  
 It happened once before  
 But never again  
 Cause know I'm the one  
 Who has the gun in my hand  
 I learned how to survive - how to survive - how to survive  
 With my gun I'll survive - how to survive - how to survive  
 Now I'm out on the street  
 And the first bro I meet  
 Try to stab me with his knife  
 So I end his fucking life  
 One already dead  
 And here comes his friend  
 The only thing to do  
 Is blow a hole in his head too

I'll survive with my gun  
 Stay alive and still have fun  
 No more problems come to me  
 I learned to face society

I survived - I survived - I survived - I survived  
 With a gun I survived - I survived - I survived

## FOCUS: STAR WARS!

Regional Actions October (20) 1986:

Atlanta (Georgia Tech), Cleveland (NASA Lewis Research Center), San Francisco  
Bay Area (Lockheed Corp.), Washington DC (SDI Organization Headquarters)

(for exact times and locations call 415-549-3077, Mon.-Fri., between 10am & 2pm PST.)

Despite the hopes of millions, the last year has been marked by relentless political and military preparations for world war. Cosmetic summit talks and reassuring words from politicians and pundits cannot conceal the crumbling of arms control treaties, the tightening of military alliances, the deployment of new weapons systems, and the fine-tuning of preemptive war plans. Behind a thin facade of normality, nuclear war is closer today than many of its opponents or even planners realize. The arsenals and carefully-honed target options are ready. Only the unexpected crisis is needed to turn the seeming stability of deterrence into instant global incineration: fire, and radiation...followed by the long winter.

A major feature of this escalating dynamic in the United States is the Star Wars program. Star Wars is certainly not a "Peace Shield" against war. The central issue is not whether it will work, whether it will break the ABM treaty, or whether it is "cost effective." **The central fact is that Star Wars is being created for fighting a nuclear war, not preventing one.** Its military mission is to knock out the Soviet satellite system and to destroy the Soviet missiles that would survive a U.S. nuclear first strike. Thus even its "defensive" functions are a component of an offensive attack plan. Its political and economic mission is to further mobilize U.S. scientific and productive forces for war, in the guise of creating a new "defensive" technology. The propagandists for Star Wars cite the Manhattan Project that built the atomic bomb as their model, from a time when national will and Yankee ingenuity won The War. It serves to offer a placebo in the form of the Big Lie, an illusion that something "positive" is being done about the nuclear threat. U.S. nuclear war preparations have long gone under the public cover of MAD: the Mutually Assured Destruction of an inevitable retaliatory strike. The government's public rejection of MAD, supposedly due to its new-found abhorrence of immoral nuclear retaliation, while MX missiles and Trident submarines roll speedily off the assembly lines,

now speaks clearly to the intention of the U.S. not to be the side that shoots second.

Events of the real world have continued to confirm the No Business As Usual slogan, and to demand heightened mass struggle to change the course of events:

**They Won't Listen to Reason,  
They Won't Be Bound by Votes,  
The Governments Must Be Stopped from  
Launching World War III,  
No Matter What It Takes!**

Building on this realistic assessment and spirit of open defiance, the NBAU Action Network now calls for two days of nationwide actions: on April 21, 1986, a day of diverse local actions, and on October 20, 1986, a day of concentrated regional actions. Both days will focus on key installations of the Star Wars program and will deliberately disrupt and shut down, through mass political action, as much as possible of the government's flagship for war preparations.

The issue is not, and never has been, one of this or that weapons system. The issue is complicity versus responsibility, as open preparations for nuclear world war intensify, with Star Wars playing a central role. Only the independent action of millions taking the stage of history to resist can realistically confront the threat that looms before us. We will NOT play the role of "good Germans" who passively cooperated with their government. Because we see what is happening, we are faced with the opportunity and responsibility to act: can we dare not seize it?

The NBAU Action Network, with local groups in: Atlanta, Baltimore, Baton Rouge, Bay Area (CA), Boston, Chicago, Cleveland, Dallas, Hawaii, Houston, Indianapolis, Kent (OH), Lawrence (KS), Los Angeles, Miami, New Orleans, New York, Portland, St. Louis, Seattle, Washington (DC)
